

# Wilderness: Canoeing **PACKING LIST**

It is in your best interest to read through this packet of information thoroughly, making notes and/or lists as you go. While you don't need to be a seasoned wilderness explorer or have all the newest gear, you do need to be prepared.

This list and the explanations within it will ensure that you are comfortable and safe on your trip.

Questions: Contact us at 630.752.5124 or [passage@wheaton.edu](mailto:passage@wheaton.edu)

## GUIDELINES FOR GETTING GEAR

- If you have questions or want advice, please ask! We'd love to help you out.
- You probably have a lot of what you need sitting in your closet right now. And if you don't, your family and friends might, so **see what you can borrow before you start buying stuff.**
- Shopping second hand stores helps save money and resources. Remember that having clothing made of the right fabric is more important than buying a trendy brand. If you're having trouble getting the right equipment for any reason, please email: [passage@wheaton.edu](mailto:passage@wheaton.edu).
- Minnesota summer weather typically means highs between 70° and 90° Fahrenheit and lows in between 30° and 50° Fahrenheit. Bring layers you can use to keep you comfortable despite the changes in weather.

## WHAT HONEYROCK PROVIDES

**You are not responsible to purchase the below items. These items will be provided to you by Passage. Any personal items you bring are subject to the approval of the HoneyRock staff.**

All Group Gear, Plus Some Extras

- Tents/Tarps/Ground Tarps/etc.
- Stoves/Water Filters/Water Purification
- Sleeping Pads (Foam)
- Backpacks/Dry Bags
- Cookware/Eating Gear/Durable Waterbottle
- First Aid Supplies/Repair Kits/etc.
- Canoes and all related paddling gear

*Note: If you have any of the above items you are welcome to pack them. If you choose to do so, our trained trip leaders will check to make sure they are suitable for the trip before packing out.*

## AN EXPLANATION OF THE DIFFERENT TYPES OF CLOTHING FABRICS

### COTTON

**AVOID COTTON.** When cotton gets wet (even from sweat) it stays wet and will not keep you warm. This includes materials like corduroy, denim, and flannel.

### SYNTHETICS

These are materials like nylon, polyester and spandex that are used to make a lot of athletic-style clothing. Synthetic materials dry more quickly than cotton, and wick moisture away from your skin to help keep you warm.

### FLEECE

Fleece also dries more quickly than cotton, and will keep you warm even when it's wet.

### WOOL

Wool doesn't dry very quickly, but it is odor resistant and will keep you warm even when it's wet.

## IMPORTANT NOTICE

Wilderness Track includes 2 phases. Phase 1 is your wilderness trip. Phase 2 occurs at Wilderness Canoe Base (WCB) with full amenities. When you check in, you will pack your trip gear in waterproof bags and the other gear will travel to WCB when your wilderness phase is complete.

**We recommend that you pack two bags:** a Phase 1 bag and a Phase 2 bag. See following pages for instruction.

# 6 Day Canoeing Trip

## PHASE 1

### CLOTHING

*Note: Variable weather, trail and water conditions can require clothing not ordinarily needed in August. It is better to be safe and pack thermal layers and dry wear in case these conditions occur. You will not have access to additional supplies once we depart into the wilderness.*

#### UPPER BODY

- Base Layer
  - synthetic, non-cotton long underwear top that will help keep you warm, especially at night.
- T-shirts (1–2) – synthetic or wool
- Long-Sleeve Shirt (2)
  - wool/fleece/synthetic (non-cotton).
  - Added layer of warmth
  - Also used to keep bugs away
- Women: Moisture wicking material is recommended for sports bras.

#### LOWER BODY

- Athletic Shorts (1–2 pairs)
- Hiking Pants
  - Synthetic, non-cotton, lightweight and quick drying. Athletic-style is fine.
  - “Zip-off” convertible shorts are really useful
- Base Layer
  - Synthetic, non-cotton long underwear bottoms to keep you warm at night.
- Underwear (3–5 pairs)

#### HANDS AND HEAD

- Ball cap or 360 brim hat (required)
- Lightweight winter hat
- Gloves for chilly mornings and evenings around the campsite

#### FOOTWEAR

- One pair of sturdy shoes or sandals with a back strap that will get wet and stay wet.
  - You will likely be portaging (carrying your canoe and all your gear between lakes) during your trip, so it is very important that you have a pair of supportive athletic shoes that will protect your feet. The terrain is often rough and rocky, so please bring shoes that can stand up to some abuse, but do NOT bring hiking boots - they are too bulky.
  - Acceptable shoes include tennis shoes, athletic shoes, or closed toe water shoes etc. Please no Crocs or flip flops.
- Camp Shoes
  - Sturdy w/ secure back strap
  - Chacos, Keens, Texas, Crocs, etc.
  - No Flip Flops
- Socks (5–6 pairs)
  - MUST be wool or synthetic NOT COTTON
  - 3–4 for hiking
  - 1–2 for sleeping (thicker)

#### OUTERWEAR

- Rain Jacket
  - Lightweight, breathable and waterproof (not water resistant)
- Lightweight Fleece Jacket  
OR Lightweight Down Jacket
  - Your primary “keep warm” layer.
  - Fleece keeps you warm even if it gets wet.
  - Down is packable but when wet, will no longer keep you warm.
- Modest Swimsuit

### GEAR

#### PERSONAL

- Bible
  - Pocket-sized
  - Worth buying a small bible specifically for this trip
  - Old and New Testament
- Journal/Pen
  - Again, small/packable.
- Embracing the Love of God*
- Sunglasses
- Bug Spray:
  - NON-AEROSOL.
  - Note: 30% Deet Bugspray is maximum strength - avoid 100% Deet for health reasons.
  - HoneyRock makes head covering bug nets available
  - Lighter colored clothing attracts less bugs.
- Sunscreen is required
  - SPF 30 or above
  - Travel size: Purchase a 3 oz container separately if needed
- Headlamp w/ extra batteries
- 2 Gallon-Sized Ziploc Bags
  - This is the best waterproofing method out there.
  - These will be used for keeping your stuff dry and organized.
- Money: \$25 for incidentals
- If you need any special food or want any additional snacks they must fit in a 1 quart Ziploc bag
- Required Text: 2024 Wheaton Passage Workbook (Completing the reading before your arrival on campus will create more time in your Passage schedule.)

#### BEDDING

- Sleeping bag
  - Pack down to 9”x20”
  - Be rated for at least 30° Fahrenheit / 20° if you get cold easily

#### TOILETRIES

- Travel toothbrush and paste
- Baby wipes
  - Great to use as a “mini shower” and general hygiene. Bring 1–2 wipes per day on trip.
- Chapstick
- Women: Tampons/panty liners
  - The trip environment can cause an unpredictable cycle. You can also bring some panty liners to help with personal hygiene.
- Personal products to avoid chafing like Vaseline, Gold Bond, etc.

#### OPTIONAL GEAR ITEMS

*Not needed, but useful.*

- Stuff Sacks
  - To keep your stuff organized on trip.
- Carabiners
  - Not rock-climbing rated; for organizing, hanging, and clipping things together or to your pack.
- Lightweight Durable Water Bottle
  - HoneyRock has these for you to use on trips but some people prefer their own and they’ll be useful for the rest of your time at HoneyRock.
- Buff/Bandana
- Crazy Creek or Compact Camp Chair
  - This is a total luxury item! Please make sure this weighs less than 3 pounds.
- Inflatable or self-inflating sleeping pad designed for backpacking.

# 3 Days at Wilderness Canoe Base

## PHASE 2

### CLOTHING

This is fresh, additional clothing and items you will want at the end of the backpacking, canoeing, or climbing portion of the experience. They will be packed in a small (book bag sized pack) and will be awaiting you at Wilderness Canoe Base (WCB). WCB is a summer camp setting on an island. You will no longer be in tents, but will have bunks and simple amenities. You will have access to 1 scheduled shower. A wood-fired sauna and swim are also available during your stay.

### CLOTHING

- 1 long sleeve cotton or synthetic shirt
- 1 sweatshirt or fleece
- 1 pair of pants or jeans
- 1 pair of work pants that can get wet and dirty
- 2 pairs of athletic shorts
- 1 modest swimsuit
- 2-3 t-shirts
- 1 t-shirt for work and play
- Underwear and socks

### FOOTWEAR

- 1 pair of **old** sneakers that can get dirty for work and play

### PERSONAL ITEM

- 1 printed photo of family or people who are close to you
- 1 Transitional Object: A pocket-size item that describes something that has been important to you and/or represents a piece of your story for sharing in a small group discussion.

### GEAR

### PERSONAL CARE

- Pajamas
- Small carry-on size toiletry items: toothbrush, toothpaste, deodorant, soap, shampoo, tampons, etc.
- Bath towel
- Shower shoes (flip flops)

### BEDDING

- Small packable pillow

### OTHER

- 1 pair of durable work gloves for service opportunities
- Required Text: 2024 Wheaton Passage Workbook (Completing the reading prior to your arrival on campus creates more available time for you on Passage.)
- \$20 for any extra purchases

### DO NOT BRING

- Phone or other technology device.

If you are needing medical accommodation that requires technology, please reach out to Wheaton's Learning & Accessibility Services Office at [las@wheaton.edu](mailto:las@wheaton.edu).

In case of emergency, students should notify a member of staff. Parents can call 630-752-5368 to connect with their students should an emergency arise at home. Students should leave their devices in their residence hall for safekeeping before departing for their Passage site.
