Major Academic Plan (MAP) for Catalog Year 2020-2021

The catalog is the final authority on CATC and major requirements; this is intended as a tool for planning purposes. Student course sequencing may vary depending on course offerings and other variables.

Notes or Special Guidance for Majors:

*Course has prerequisite

^F Fall only course

⁵ Spring only course

#Offered every other year

¹ Classes that meet CATC tags: PHYS 231 (SP), MATH 231 (AAQR)

² Select any two 4-credit courses with the ENGR prefix. ENGR 202 Dynamics may not be one of the 4-credit ENGR courses if it is also substituting for PHYS 341.

³ PHYS 343 or an approved research or internship experience.

⁴ENGR 201 is strongly recommended.

-PHYS 343 Experimental Physics is offered both Fall and Spring. All other major courses are offered Fall only or Spring only in the semester indicated. Major courses in the 3rd and 4th years may be taken in any order and in either year.

-Seven CATC Themes are not covered by major requirements or Visual and Performing Arts but some of these satisfy 2 Themes and Advanced Integrative Seminar satisfies at least one Theme. Students are encouraged to take at least 1 double-tagged Thematic Core courses.
