## Mechanical Engineering (Fast Paced) with Illinois Tech

## Major Academic Plan (MAP) for Catalog Year 2020-2021

The catalog is the final authority on CATC and major requirements; this is intended as a tool for planning purposes. Student course sequencing may vary depending on course offerings and other variables.

## Notes or Special Guidance for Majors:

\*Course has prerequisite

- <sup>F</sup> Fall only course
- <sup>s</sup> Spring only course
- <sup>#</sup>Offered every other year

<sup>1</sup> Classes that meet CATC Thematic Core tags: MATH 231 (AAQR), PHYS 231 (SP). Engineering majors should use the <u>Engineering checklist</u> for CATC.

<sup>2</sup> ENGR 130: Engineering Graphics and CAD is strongly recommended in this semester.

<sup>3</sup> Engineering majors should carefully select CATC Thematic Core courses. In addition to the Themes already covered with required courses (AAQR and SP, see footnote 1), Social Inquiry (SI) and the Visual and Performing Arts (VPA or 2 of VPAV/VPAM/VPAT) must be taken. 4 of the 5 remaining themes must also be taken by Engineering majors. See the Engineering checklist for the full CATC requirements. Double tagged courses are strongly encouraged.

<sup>4</sup> These courses are taken in partnership with Illinois Tech while finishing Wheaton requirements.
