WHEATON IS CONSISTENTLY RANKED ONE OF THE BEST VALUES IN HIGHER EDUCATION FOR A REASON. VALUE MEASURES QUALITY AND COST.

With global reach and reputation, Wheaton is the academic home for intellectually ambitious, deeply faithful Christians who want a comprehensive, world-class education. Comprehensive quality means you will be prepared not just for your first job but for the jobs we can't even imagine yet. Most importantly, comprehensive excellence means preparation not just for a livelihood but for life in all its fullness. It's a whole-person education for the whole of life's journey.
