

Wheaton College PsyD Financial Aid Request Form Years 5, 6 & 7

PsyD Students

Please read and complete the information below. Return completed form to Ginger Smith in the Psychology Department.

Financial Aid Policy: The PsyD program was originally designed to be completed in five years. However, the path to completion of the degree can be more varied. Due to the varied nature of student plans for degree completion, each PsyD student must indicate his/her plans for each academic year past the 4th year on this form in order to receive financial aid. Financial aid eligibility will only be considered for those courses and hours that are required to complete the degree.

Section A Student's Identification Information

Name: _____ Student ID Number: _____
Program/Major: _____ Advisor: _____
Semester(s) for which you are requesting aid: Fall _____ Spring _____ Summer _____
