

Dear Marriage & Family Therapy Applicant:

The attached document of state-by-state requirements for initial licensure has been developed to meet the U.S. Department of Education required Consumer Information Disclosures. **The document that follows represents a concerted effort to be accurate, but this does not guarantee that a particular individual will meet or not meet the licensure requirements for a particular jurisdiction.**

For each state, the statutes/laws, and rules/regulations, were reviewed to determine whether the Wheaton College MFT program meets clinical and/or educational requirements for initial licensure in each state. States highlighted in green are those for which our program meets all educational and clinical requirements. Please make sure to review the laws and rules for your own state on your state's licensing board website to ensure that you will meet qualifications for licensure upon graduating from our program.

Thank you for your application and for taking the time to review document on the following pages. As a COAMFTE-accredited program, our graduates are more readily prepared to engage state by state licensure requirements.

Sincerely,

David Van Dyke, PhD, LMFT
MFT Program Director

Direct questions to Caitlyn Gunst, MFT Clinical Training Administrator:
caitlyn.gunst@wheaton.edu

The following chart shows whether the Wheaton College MFT program meets licensure requirements for each of the 50 states as of June 2020. Students are highly encouraged to review their state's licensure requirements in case of any changes. The program is not responsible for ensuring that students are able to meet licensure requirements for states outside of Illinois.
