### For the Reference to Complete

The above-named student is registering for the Catalyst program at HoneyRock. Catalyst fosters spiritual development and character formation, while equipping participants with the skills needed to faithfully navigate high school and soon, college. Catalyst participants spend 5-8 weeks at the HoneyRock Center for Leadership Development of Wheaton College in the Northwoods of Wisconsin. They are given roles of responsibility across HoneyRock including discipling campers, leading activity areas, and working in our operational centers (construction, business, guest services, etc...). We strive to place them in roles that allows them to apply their gifts and grow their leadership capacity. These roles require maturity, adaptability, and the capacity to model Christ to others. If you want to learn more about the program before completing this form, **visit [wheaton.edu/catalyst](http://wheaton.edu/catalyst)**.

We appreciate your candid estimate of this student's qualities—your responses will not be shared with the student. This will be used in conjunction with other referrals and a registration form. To aid us in what leadership role(s) the student is assigned we would appreciate your evaluation and specific comments.
