

HONEYROCK FACILITIES

Key Renovation and Replacement Projects to Sustain HoneyRock into the Future

FUNDRAISING GOAL: \$2.0M

Our vision is to see generations alive in Christ and equipped for the good works He prepared in advance for us to do.

Throughout its history, HoneyRock has proven to be extremely effective in employing its immersive ministry model to foster the development of whole and effective people.

THIS CAN BE SEEN IN:

- Summer Camp serving 1,000+ overnight campers and 150+ college-aged summer staff every summer
- School Year Programs serving 40+ Wheaton College graduate and Vanguard Gap Year students
- Passage - Wheaton College New Student Orientation - serving 550+ students each August

OUR CHALLENGE: Our program revenue does not cover capital expenditures and the needed renovations to keep up with our aging infrastructure and equipment.

OUR VISION: Funding a number of necessary short and medium-term projects is important to sustain HoneyRock into the next phase of our future serving youth, students and their families.

HONEYROCK FACILITIES & EQUIPMENT

- Replacement of 4 aging 'temporary' canvas tents with new cabins, built in-house
- Replacement of 4 aging passenger vans used for camper and student transportation
- Limited renovation of Chrouser Dining Hall
- A new permanent pavilion for camper worship to replace the temporary tent
- Repurposed space to replace aging multi-use housing for summer seasonal staff, volunteers, and guests
- Modest re-investment into equestrian facilities and equipment

IMPACT OF FACILITIES & EQUIPMENT INVESTMENT

- Improved living experience for campers and students
 - One cabin will serve **2,000 campers and students** over its lifespan of 40 years.
- Safe and reliable transportation with reduced parts and service costs
 - One van will serve **13,000 campers and students** over a 10 year lifespan.
- Ongoing nourishment and impactful mealtimes for our campers, students, and staff
 - Our amazing kitchen staff serves over **90,000 meals** per year in Chrouser.
- Enhanced worship experiences and expansion of outdoor meeting spaces
 - A worship pavilion will serve **1,000+ overnight campers and 150+ undergraduate students** each summer, plus hundreds more.
- Improved residential facilities will support recruitment of summer staff and filling volunteer positions, as well as HoneyRock guests.
 - Efficient multi-use housing, utilizing existing structures, will serve **30+ seasonal staff and guests** each year with lower maintenance costs.

Re-investing in infrastructure is a key input as we equip students and campers, and ultimately seek to impact the next generation for Christ.

MATT ERICKSON

HoneyRock Executive Director

HoneyRock is a safe place [for kids] to learn, grow, test themselves, open up, be part of a community, enjoy themselves in a place away from many of the things that grab their attention. They love it, and never want to leave.

PARENT TESTIMONIAL

I believe God is drawing me into a place of greater trust in Him, and to trust to the point of surrender, dying to self, so that I can enjoy Him and love other people to the fullest.

STUDENT TESTIMONIAL

**FINANCIALLY SUPPORT THE
