- Select textbooks, develop lessons and plan curriculum
- Understand the role of Bible-based ESL
- Locate resources for continued professional development

The course exceeded my expectations. So much material and expertise shared in the 30 hours. Way above other courses I have taken.

This course was amazing. It gave me foundational principles of teaching ESL, plus much "how-to" information, and it introduced me to many choices of teaching materials. I feel much more confident about my ESL teaching now.
